STRATEGIC OBJECTIVES OVERVIEW

As a locally owned utility, we seek to be a valuable partner in enhancing the quality of life in our community.

<u>Vision 2027 - An Evolving Utility</u>, focuses on strategic objectives to meet our mission through the **lenses of equity and security**, **enabled by technology and innovation**.

We embrace innovation and balanced solutions to bring overall value and resiliency to our customers through improved efficiency, sustainability, and management of risk.

We focus on sound budget discipline and key financial metrics to leverage our strong brand in the financial markets.

We strive to connect with our diverse customers equitably and in the way they prefer.

We collaboratively build a culture focused on being safe and working together to serve our community.

We are a community partner that works transparently and collaboratively to support key decisions, innovation, and economic growth.

VISION 2027 ACTIONS

FY2024

Update Vision 2027 incorporating Operational Efficiency Review recommendations and market/legislative changes

Execute generation plan to power our future by initiating budgeted engineering studies

Execute on ERP RFP to mitigate system end-of-life by selecting software partner

Engage with community on rate design and adjustments

Pursue grants and other new revenue sources with partners

FY2025

Begin development and planning of beyond 2027 (2040-2050)

Work with partners to leverage IRA revenue opportunities to accelerate power generation transition

Begin execution of technology transformation

Improve communication and service offerings through enhanced residential customer segmentation

Enhance customer engagement to support community needs

Strategic actions we will take over the next two years to achieve Vision 2027 goals, while maintaining operational excellence.
