

# Rebate Application

CPS Energy offers Smart Energy Rebates to program builders who utilize both gas and electric services in new home construction. Smart Energy Builders agree to install a natural gas water heater and gas furnace (minimum) in all homes they build where CPS Energy gas is available. In addition, under the Smart Energy program, CPS Energy agrees to remit to Builders a rebate of \$100 for each installation of a gas cooktop or stove and \$50 for each installation of a gas clothes dryer. Up to \$150 per home
