CPS ENERGY
SUBCONTRACTING DOCUMENTS

It is the policy of CPS Energy to ensure that small, veteran, service-disabled veteran, HUBZone, minority and woman owned businesses have the maximum practicable opportunity to participate as contractors and suppliers. It is CPS Energy’s policy to assist these businesses to overcome barriers that may have, in the past, kept them from full and equal participation in the mainstream of the American Business Enterprise System.

In response to its belief of equality of opportunity, CPS Energy has extended the concept of equal opportunity and affirmative action to include efforts toward increasing the amount of business conducted with small, veteran, service-disabled veteran, HUBZone, minority and woman owned businesses.

A policy and formal program have been created for this purpose, and all CPS Energy employees involved with the program are responsible and accountable for the attainment of these goals and objectives.

IMPORTANT PLEASE READ

Contractors classified by CPS Energy as a large business are required to furnish the subcontracting goals when their awarded contract is expected to meet or exceed $700,000 or $1,500,000 for construction of a public facility at the time the bid or proposal award. Failure to provide these documents may result in the award being cancelled.

Subcontracting opportunities exist when any part of the services to be performed or goods to be provided entail the use of any other business other than the business contracted to perform the work directly with CPS Energy.

Contractors are asked to contact Supplier Diversity Office at (210) 353-2474 or via email at cpsenergysubcontracting@cpsenergy.com for assistance when needed in determining when subcontracting opportunities may or may not exist and completing any of the attached documents.
THIS DOCUMENT MUST BE COMPLETED
AND RETURNED AT THE TIME OF AWARD

Please select one of the following options and complete the applicable requirements:

1. _____ Contractor is submitting a plan

2. _____ Contractor is a small business, so no plan is required. To qualify as a small business, a contractor must be classified as a small business by CPS Energy. If a contractor is a small business, select one of the two following statements.
   
   _____ A contractor has previously been classified as a small business by CPS Energy.

   _____ A contractor is enclosing a completed CPS Energy questionnaire certifying that it is a small business.

3. _____ This contract is for construction of a public facility and is estimated below $1,500,000, so no plan is required.

4. _____ This contract does not offer subcontracting possibilities, so no plan is required.

A contractor must state below the specific reasons why the contract does not offer subcontracting possibilities and that all work will be performed by awarded contractor.

____________________________________________________________________________

____________________________________________________________________________

____________________________________________________________________________

Contractors submitting a Subcontracting Plan must also prepare and submit either Summary Subcontract Report Standard Form 294 or 295 semi-annually or annually respectively to CPS Energy and the General Services Administration, upon request (see Section F.) at the commencement of the contract. Copies of these forms will be provided at the time they are due.

Standard Form 295 is required to be submitted if the contractor sells or otherwise provides "commercial products" to CPS Energy. Standard Form 294 is required to be submitted by all other contractors.
"Commercial products" are products or services sold

1. **In substantial quantities**
2. **To the general public and/or industry**
3. **At established catalog prices or at established market prices**

1. **Sold in substantial quantities.** Products are considered to be "sold in substantial quantities" only when the quantities regularly sold are sufficient to constitute a real commercial market. Thus, models, samples, prototypes, experimental units, and products specially made only for CPS Energy (i.e., to CPS Energy specifications) do not meet this requirement. For services to be considered "sold in substantial quantities," they must be customarily provided by the contractor, using personnel regularly employed and equipment (if any is necessary) regularly maintained solely or principally to provide the services.

2. **To the general public or industry.** A product or service is considered to be sold to the general public or industry if there are a significant number of buyers of the product or service other than CPS Energy.

3. **Established catalog and market prices.** Established catalog prices are prices that are recorded in a form regularly maintained by the contractor. This form (a) must be a verifiable and established record, such as a catalog, price list, schedule, or rate tariff; (b) must be published or available for customer inspection; and (c) must state current or last sales prices to the general public.
   
   Established market prices are current prices that (a) are established in the course of ordinary and usual trade between buyers and sellers free to bargain; and (b) can be substantiated by data from sources independent from the contractor.

Any questions regarding this aforementioned information, please contact Supplier Diversity Office at (210) 353-2474.

THE FOLLOWING DOCUMENTS DO NOT NEED TO BE COMPLETED IF THE CONTRACTOR HAS DETERMINED NO SUBCONTRACTING OPPORTUNITIES EXIST OR IF THE COMPANY IS A SMALL BUSINESS.

SUBCONTRACTING PLAN

The following Subcontracting Plan is hereby submitted to CPS Energy, Gas and Electric Utility of San Antonio, Texas, by _________________________ (Contractor) in conjunction with CPS Energy's Purchase Order (PO) No.______________________.

1. Policy Statement

The Contractor will provide a competitive opportunity for suppliers who are small, veteran, service-disabled veteran, HUBZone, non-minority, minority and woman owned businesses, to qualify for and earn a share of the business current or long-term purchase volume, commensurate with the merits of their offerings and their proven qualifications or demonstrated performance as suppliers.

The Contractor has and will continue to utilize small, veteran, service-disabled veteran, HUBZone, non-minority, minority and woman owned businesses to the greatest extent practicable consistent with efficient performance of all contracts or subcontracts.

2. Measures to Promote Equal Opportunities

In order to ensure that small, veteran, service-disabled veteran, HUBZone, non-minority, minority and woman owned businesses owned and controlled by socially and economically disadvantaged individuals will have an equitable opportunity to compete for subcontracts, the Contractor will:

2.1 Maintain a program designed to locate capable small, veteran, service-disabled veteran, HUBZone, non-minority, minority and woman owned businesses for current and future subcontracting opportunities.

2.2 Review company policies and procedures to assure and encourage equitable opportunity to small, veteran, service-disabled veteran, HUBZone, non-minority, minority and woman owned businesses in letting subcontracts.

2.3 Coordinate inquiries and requests for advice from small, veteran, service-disabled veteran, HUBZone, non-minority, minority and woman owned businesses.

2.4 Assure that participation of both large and small, veteran, service-disabled veteran, HUBZone, non-minority, minority and woman owned businesses are accurately reported.

2.5 Review acquisition programs for possible breakout of items suitable for acquisition from both large and small, veteran-owned businesses, service-disabled veteran-owned businesses, HUBZone businesses, non-minority, minority and woman owned businesses.
3. Small, Service-Disabled Veteran, Veteran, HUBZone, Non-Minority, Minority and Woman Owned Businesses

View the Supplier Classification List on www.cpsenergy.com to review CPS Energy registered suppliers to identify small, veteran, service-disabled veteran, HUBZone, minority and woman owned businesses.

For an approved listing of CPS Energy Suppliers by products or capabilities email your request to cpsenergysubcontracting@cpsenergy.com
