sierra club submitted our flex step report in early 2020. no staff reached out to us.  
paula in meeting today said that staff had reached out to us on "multiple occasions" to discuss and we chose not to meet with them.  
the truth is we as the environmental stakeholder cancelled exactly one meeting that was set for last week--and was not about this report.  
we have never spoken with staff on our recommendation.  
g
